

# Cish Cash

## Basement Jaxx

You missed that so you wanna kick back  
All messed up and that's a fact  
If you wanna risk that, do that  
I guess its time for payback  
So you want your cish cash  
All wet up and splish splash  
So mish mash you slash and go, go, go  
Oh, you want it, you take it  
You take it, you got it  
You want it, you take it  
You're insatiable  
It's not enough you want more of it  
It's not enough must have all of it  
Overflowing on overkill  
All the hands are out for their pound of flesh  
It makes the world spin round and round  
The hands are out for their bloody pound  
Overflowing on overkill  
Sticky lickie yummy yummy  
Dipping in the milk and honey  
You want it, you take it  
You take it, you got it  
You want it, you take it  
You're insatiable  
They say it makes the world spin round  
'Cos everything there really [Incomprehensible]  
It's not enough you want more of it  
It's not enough must have all of it  
Overflowing on overkill  
All the hands are out for their pound of flesh  
It makes the world spin round and round  
The hands are out for their bloody pound  
Overflowing on overkill  
Sticky lickie yummy yummy  
Dipping in the milk and honey  
You want it, you take it  
You take it, you got it  
You want it, you take it  
You're insatiable

They say it makes the world spin round  
They say it makes the world spin round  
You missed that so you wanna kick back  
All messed up and that's a fact  
If you wanna risk that, do that  
I guess its time for payback  
So you want your cish cash  
All wet up and splish splash  
So mish mash you slash and go, go, go  
You want it, you take it  
You take it, you got it  
You want it, you take it  
You're insatiable  
Make this sound bigger  
'Cos everything there really [Incomprehensible]  
Sticky lickie yummy yummy  
Dipping in the milk and honey  
They say it makes the world spin round  
Sticky lickie yummy yummy  
Dipping in the milk and honey  
Splish splash coming for your cish cash
