Hey Big Bang

Superhumanoids

All I wanna do is feel
But sometimes, I feel too much.
All I wanna do is love
But sometimes, I love too much.
Do you wonder why some days
I say those things I say
It's you.
Ever wonder why, oh why, would I act this way
It's you.

All I wanna do is feel, but sometimes
I can't feel at all.
All I wanna do is love, but sometimes
My love is gone.
Well I'm a human too even if
It doesn't seem that way to you.
I've got flesh and bones just like you.

Well I'm a human too
Even if it doesn't seem that way to you
Well I'm a human too
Even if, even if
It doesn't seem that way to you
That way to you
Way to you
Way to you

Well I'm a human too
Even if it doesn't seem that way to you.
