

Heart Like a Wheel

Black Sabbath

In the days of confusion, you've turned angry and cold
You say it's an illusion, there's no fire in your soul
You say you don't love me, you say you don't care
But don't leave me standing here, don't leave me standing here
Your heart's like a wheel, just waiting to roll
It's longing for freedom to get out on the road
You're hungry for something that you will never find
So many reasons, your love has made you blind
You say you don't love me, you say you don't care
So don't leave me standing here, don't leave me standing here
No, no, no, no, no, no, no, no, no
You say you don't love me, you say you don't care
Don't leave me, don't leave me standing here
No, no, no, no, no, no, no, no, no, no
Don't you leave me standing here
Life ain't been easy, full of passion and pain
Told me no reason why I was to blame
Don't leave me standing
Don't leave me standing
Don't leave me standing on my own
