# Sleepwalker

## Joseph Bishara

Close your eyes
Feel the ocean where passion lies
Silently the senses
Abandon all defenses
A place between sleep and awake
End of innocence
Unending masquerade
That's where I'll wait for you
Hold me near you
So close I sear you
Seeing, believing
Dreaming, deceiving

A place between sleep and awake
End of innocence
Unending masquerade
That's where I'll wait for you
Sleepwalker seducing me
I dare to enter your ecstasy
Lay yourself now down to sleep
In my dreams you're mine to keep
(Sleepwalk with me)
Sleepwalker seducing me
