

# Man On a Mission

Richard Ashcroft

Hey I heard you'd run away  
But where you gonna run?  
You got such a pretty face  
And the world's a small, small place 'Cos when you're runnin' on your own  
You know you ain't like a rollin' stone  
Because a stone will find its place  
And when you hear this space Just crawl and never run  
And when your work is done  
And then you'll see the sun So sing what you want I'm a man on a mission  
No time to love, no time to be wastin' no  
I wanna know if you feel above him  
All the things you do that just make yourself  
Feel undone, feel undone Blues, I heard you caught the blues  
And what was it they said?  
Have you got out of bed?  
Have you got out of that? I know a headspace that you don't  
I will you cannot and you don't  
A fortune has been made  
On all the illness they've made And then we've gotta pay  
For the drugs to take it away  
And then you're goin' to find  
There's nothin' in your mind That you don't already know  
That you ain't already seen  
And do you live in a dream? Sing your song, don't you cause trouble  
Man on a mission there's a man in a bubble but  
I wanna know, if you feel above him  
All the things you do that just make yourself  
Feel undone, feel undone Sing your song, don't you cause trouble  
Man on a mission there's a man in a bubble and  
Play your cards, throw your dice  
You get a piece of land and a piece of advice No time to be wastin', there's no time to be wasted  
No time to be wastin', there's no time to get wasted  
No time to be wastin', always time to get wasted  
No time to be wastin', there's no time to get wasted There's always time to get wasted  
(There's no time to waste)  
There's always time to get wasted  
(There's no time to waste) There's always time to get wasted  
(There's no time to waste)  
There's always time to get wasted

(There's no time to waste)There's always time to get wasted

(No time to waste)

There's always time to get wasted

(No time to waste)They've got me wasting time

(No time to waste)

Got me wasting time

(No time to waste)They got me wasting time

(No time to waste)

They got me wasting time
