

Cornucopia

Overkill

[BLACK SABBATH (Iommi/Butler/Osbourne/Ward)] Too much in the truth they say

Keep it 'till another day
Let them have their little game
Illusion helps to keep them sane Let them have their little toys
Fast sports cars and motor noise
Exciting in their plastic place
Frozen food in a concrete maze You're gonna go insane
I'm trying to save your brain I don't know what's happening
My head's all torn inside
People say I'm heavy
They don't know what I hide Take a life, it's going cheap
Kill someone, no one will weep
Freedom's yours, just pay your dues
We just want your soul to use You're gonna go insane
I'm trying to save your brain
