Rocks and Trees

The Arrogant Worms

My country bigger than most and at fast i post,
cause I'm really proud,
so i shout it loud,
though our numbers are few,
we will welcome you!

Although we don't have history,
gold metal winning teams
hero's or prisoners,
world famous volcanoes,
still what we gots glorious!!

Cause we got rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and.... water!!

Alright everyone!!

we've got rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and rocks and trees
and trees and rocks
and.... water!!
