Young Blood

Whitesnake

If you feel the rollin' thunder
An' your eyes see lightnin' strike
Don't be afraid to call on me
I'll bring you shelter from the nightWhen the wind is howlin', I'll hold you near
An' soothe your troubled mind
With a little bit of this an' a little bit of that
I'll make you leave all your worries behindDon't try to hold on to what you got, uh
'Cause I got what you need
Don't try to hold on for anyone
Come on, give it to me, ooYoung blood, you're hot property, young blood
Young blood, you're hot property, young blood
Young bloodWhen you're burnin' hot with fever
An' you shake down to your bones
Don't get yourself into a cold sweat
It's just your bad blood throwin' stonesThe Devil has got your number
He wants you hangin' on a line
But, before the night is over, baby
I'm gonna make you mineDon't try to hold on to what you got, uh
'Cause I got what you need
Don't try to hold on for anyone
Come on, give it to me
I'll make you run for yourYoung blood, you're hot property, young blood
Young blood, you're hot property, young bloodI'm comin' to get you
Don't try to stop me, babyDon't try to hold on to what you got
'Cause I've got what you need
Don't try to hold on for anyone
Come on, give it to meYoung blood, you're hot property, young blood
Young blood, you're hot property, young blood
Young blood, you're hot property, young blood
Young blood, you're hot property, young blood
[Incomprehensible]
Young blood, you're hot property, young bloodI'm gonna make you mine
