

# Na Na Na

## Toby Love

You feel that?  
It's like my heart doesn't light up  
It doesn't light up  
I lost all my super powers  
Got hit with the kryptonite  
Kryptonite 'cause you're gone  
La na na na la na na na  
Falling into dark  
City bright lights shine on me (city bright lights Times Square)  
Walking tho low pensando en ti  
Embriagado marqu
