## **Losing Your Memory**

## **Ryan Star**

Call all your friends Tell them I'm never coming back 'Cause this is the end Pretend that you want it, don't react The damage is done The police are coming too slow now I would have died I would have loved you all my life You're losing your memory now Where have you gone? The beach is so cold in winter here And where have I gone? I wake in Montauk with you near Remember the day 'Cause this is what dreams should always be I just want to stay I just want to keep this dream in me You're losing your memory now You're losing your memory now You're losing your memory now You're losing your memory Wake up, it's time, little girl, wake up All the best of what we've done is yet to come Wake up, it's time, little girl, wake up Just remember who I am in the morning You're losing your memory now You're losing your memory now You're losing your memory now You're losing your memory You're losing your memory now You're losing your memory now You're losing your memory now You're losing your memory
