

# Wine & Women

## Bee Gees

Wine and women and song will only make me sad  
Love and kisses and hugs, the things I never had  
If this should end, I don't mind  
If this should end, I will find What shall I do?  
(What shall I do?)  
What shall I do?  
(What shall I do?) Cars and buses and trams make a lot of noise  
All my women have gone out with other boys  
If this should end, I don't mind  
If this should end, I will find I won't complain  
(I won't complain)  
I feel no pain  
(I feel no pain) Ooh, if this should end, I don't mind  
If this should end, I will find  
I won't complain  
(I won't complain)  
I feel no pain  
(I feel no pain) Wine and women and song will only make me sad  
Love and kisses and hugs, the thing I never had  
If this should end, I don't mind  
If this should end, I will find I won't complain  
(I won't complain)  
I feel no pain  
(I feel no pain)  
I won't complain, cry  
Ooh
