Only Ash Remains

Necrophagist

Advisory - the following lyrics contain explicit language:

Fear is never gone from your soul
That saw humiliation
Being prey to the blackest of demons
Paralyzed you failFallen beneath
The mark of dignity
You failDemon passed on from one
To the next infiltrates
A mind innocent and pure
Planting the seed to possess
Another soul that is doomed to failOnly ash remainsDemon passed on from one
To the next infiltrates
A mind innocent and pure
Being prey to the blackest
Of demons, paralyzed they failFallen beneath
The mark of dignity
They failOnly ash remains
