

When a Man Is In Love With a Man

Of Montreal

Now a man loving a woman that's a very common thing
Common but beautiful all the same
Still there's something very neat, something so extraordinarily sweet
With a man who's in love with a man I have nothing to say about the traditional ways
They're fine if they work well for you
But there is something so right so completely out of sight
With a man who's in love with a man Or a woman who's in love with a woman
They should never feel ashamed
Because it's so important to do the things we want
With whoever turns us on Now a man desiring a woman that's a very common thing
Common and really rather dull
There is something so strange something so wonderfully deranged
In a man desiring a man Or a woman desiring a woman
They should never feel ashamed
Because it's so important to do the things we want
With whoever turns us on Men are usually fighting each other
That's why I think it's so special
When a man and a man are in love
It's so good, it's so special Now a man kissing a woman is a very common thing
Common but usually quite nice
Still there is something so fine, so beautifully divine
In a man kissing a man
A man kissing a man
