

# Dimentia 66 (Grayarea's Loaded On Lincoln Mix)

## My Life with the Thrill Kill Kult

Visions sweep away the tears and knots  
That bound our paper souls  
Beyond strange love, we shall go  
Where silly midnight flowers bloom  
In her kaleidoscopic eyes  
Wild as lilacs dripping in wine  
Bathe in the silence of her tomb  
In her hand - a silver spoon  
Shattered days are here again  
One last dance on the steps of Hell  
All lost children know her well  
She's kissed the serpent thrice times twice  
Feast upon the treasured afterglow  
She speaks of life's eternal scrolls  
In ancient splendor we will roam
