

Angel Interceptor

[Ash](#)

I stayed in last night
I wasn't feeling alright
I knew it couldn't last
I started thinking of you And I wished we could be dancing in the dark, really slow
Oh, it's good to know
Tomorrow you are coming home
I won't be so alone I feel heaven in you, don't you know
I feel heaven in you, don't you know
I feel heaven in you, oh, it's true
I can't let go, I miss you, oh you know Sitting alone
With the TV on
I fell asleep
I was hoping you'd call And I dreamed we could be dancing in the dark, really slow
Oh, it's good to know
Tomorrow you are coming home
I won't be so alone I feel heaven in you, don't you know
I feel heaven in you, don't you know
I feel heaven in you, oh it's true
I can't let go, I miss you, oh you know Angel Interceptor, Apollo 21, Uri Gagarin
Flew into the sun
The angels in heaven look down
Where he lay Oh, tomorrow you are coming home I feel heaven in you, don't you know
I feel heaven in you, don't you know
I feel heaven in you, oh it's true
I can't let go, I miss you, oh you know
