

Wishful Thinking

[Duncan Sheik](#)

Advisory - the following lyrics contain explicit language:

Listen to the waves
Everything communicates
Will it ever be
Anything more than wishful thinking? Oh no, there you go
Looked away and missed the show
How much wasted time
Will you survive? Feel the blades of grass
How it brings you back
It will always be
Only as green as you can see Oh no, there you go
Looked away and missed the show
How much wasted time
Will you survive? Oh yeah, fooled again
I don't know how and I don't know when
Not much else to blame
But wishful thinking Little breakdowns
In coastal town
They come suddenly
Crashing over you They come easily
I'm falling through the skies
And frozen places Oh no, there you go
Looked away and missed the show
How much wasted time
Will you survive? Oh yeah, fooled again
I don't know how and I don't know when
Not much else to blame
But wishful thinking And I try to realize
That I needn't look any further
The whole of the universe is plain to see And I try not to rely
On another world or the future
The whole of the universe is a mystery Gets me over
It gets me over, yeah, oh

It gets me over
It gets me over, yeah
