

# Into Hiding

## Amorphis

The islander slips into hiding  
And takes to his heels  
Out of dark Northland  
The murky house of Sara  
He whirled out of doors as snow  
Arrives as smoke in yard  
To flee from bad deeds  
There he had to become someone else  
He must change his shape  
As an eagle he swept up  
Wanted to soar the heavenward  
The sun burnt his cheeks  
The moon lit his brows  
(Wanted to soar heavenward)  
The sun burnt his cheeks  
The moon lit his brows  
The islander slips into hiding  
And takes to his heels  
Out of dark Northland  
The murky house of Sara
