## Tim Bowman Jr

You have my heart and I am yours  
When I drifting away you gave me grace  
And why should I search for something more  
It is you, you're the one  
That I adore Wherever I am  
I see the light door  
Whenever I've lost my way he will shine on  
I will follow and he will guide me home  
My life fills yours  
You're the one that I longed for  
God of all is everything lead me  
Where the angels sing  
Let your glory shine on as you guide me home  
Wherever I am  
I will see your light on  
Whenever I've lost my way he will shine on  
I will follow and he will guide me home  
Ooohh yeah yeah  
I will follow and he will guide me home  
Yes, he will guide me home ahh  
Yes, he will guide me home aah  
I will follow and he will guide me home Whenever I've lost my way he will shine on  
I will follow and he will guide me home
