Ain't No Way

Lee Rocker

(Baby no way, baby no way, baby ain't no way, baby no way)
(Baby no way, baby no way, baby ain't no way, ain't no way)
Boy, I know that you feeling things
Calling me constantly
Talking about you and me well even so you never told me
That I was the only one so I did my thang, oh
You see me hanging with my girlies
Holla at the fellows maybe
But you can't be mad at me
So there ain't no need to trip, no
'Cause I ain't never been your girlfriend
Don't be all up on me baby, no way
Gonna do my own thang, putting that on everything
Don't play me like your girl friend baby no way
Did you think I would be waiting around
That's not how i get down someone should have told you
And even though it hasn't been awhile, someone else makes me smile
And it feels so good, yeah
You see me hanging with my girlies
Holla at the fellows maybe
But you can't be mad at me
So there ain't no need to trip
'Cause I ain't never been your girlfriend
Don't be all up on me baby, no way
Gonna do my own thang, putting that on everything
Don't play me like your girlfriend, baby, no way
Don't you act like you own me, don't you try to control me
'Cause baby there ain't no way I'm going for that, no
And if you chill you can call me, but for now stay up off me
'Cause baby there ain't no way I'm goin' for that no way
I'm going for that, no
So there ain't no need to trip
'Cause I ain't never been your girlfriend
Don't be all up on me baby, no way
Gonna do my own thang, putting that on everything
Don't play me like your girlfriend, baby, no way
So there ain't no need to trip
'Cause I ain't never been your girlfriend
Don't be all up on me baby, no way

Gonna do my own thang, putting that on everything
Don't play me like your girlfriend, baby, no way
(Baby no way, baby no way, baby ain't no way, baby no way)
(Baby no way, baby no way, baby ain't no way, ain't no way)
(Baby no way, baby no way, baby ain't no way, baby no way)
(Baby no way, baby no way, baby ain't no way, ain't no way)
So there ain't no need to trip
'Cause I ain't never been your girlfriend
Don't be all up on me baby, no way
Gonna do my own thang, putting that on everything
Don't play me like your girlfriend, baby, no way
