

Three Hearts

Alex Clare

Was grey autumn day, I was under paid
Making minimum wage
Now I got some money, honey
You're a lucky charm that came my way
Gonna work, gonna save,
Gonna sell it all up for you and me
Need to build a home
Gotta make a house, for just we threeOne heart
Soon became two
Now there's three hearts beating
Under my roof
One heart
Soon became two
Now there's three hearts beating
Under my roofWhen I saw your face, with such grace
Hope my kids will look the same
I never had no one
Now I got you and another one the way!
Yes a traveling heart
Chasing cars,Â girl we have gone so far
Soon we'll have a home,
With a fridge and a porch and a great big old backyardOne heart, (one heart)
Soon became two
Now there's three hearts beating
Under my roof
One heart, soon became two
Now there's three hearts beating
Under my roofOne heart
Soon became two
Now there's three hearts beating
Under my roof
One heart
Soon became two
Now there's three hearts beating
Under my roofOne heart
Soon became two
Now there's three hearts beating
Under my roof
Under my roofÂ (hoo hoo hoo hoo)

Under my roofÂ (hoo hoo hoo hoo)
Under my roof (hoo hoo hoo hoo)
