Spizzle Trunk

Pavement

I sneezed corn flakes down to my nose
He's got a chrome-plated baby, so it knows where it goes
I spent a long week waiting for my laundry with Steve
I spent a long while waiting for my hair to recedeYou shouldn't hate your body 'cause its part of you
Shouldn't hate your neighbor if he's family of man
No you shouldn't hate your family 'cause there's part of you
Shouldn't hate your friends, your friends, your friendsEverybody's got one that they can't receive
When the cat's in the kitchen, there's nothing but fleas
I spent a long time waiting for my hair to recede
I spent a long time waiting for my hair to recede
