# Drown

## Common Children

If you will find life unkind in your time
Well, it's alright
If you will sell all yourself for something else
Well, it's not rightYou gotta get on
Don't sell your soul
You gotta get on
The story grows
You gotta get onIf you will find all your time, so in line
Well, it's alright
If you see clear all fears and nothings near
Well, it's not rightYou gotta get on
Don't sell your soul
You gotta get on
The story grows
You gotta get onAnd you know
And you show
You gotta get onIf you will find peace of mind in your time
Well, it's alright
If you will share all yourself with someone else
Well, it's alrightYou gotta get on
Don't sell your soul
You gotta get on
The story grows
You gotta get on
And let it go
You gotta get onAnd you know
And you show
You gotta get onYou swear
You don't care
You gotta get onYou gotta get on
Don't sell your soul
You gotta get on
The story grows
You gotta get on
And let it goYou gotta get on
Don't sell your soul
You gotta get on
The story grows
You gotta get on

And let it go
