## Jack Bruce

She shakes her head and says  
That her last word is spoken  
    Tumbling down  
Something she found  
Where happiness lay  
    Not far away  
Hear it now You got so many ways  
When the last chains are broken  
    Tumbling down  
You hear a new sound  
It's dark into day  
    Not far away  
Hear it now When summer leaves  
The tangles that it weaves  
Are floating in the wind  
    Hard to begin  
    To get back in  
You stay but it's never in only one piece  
You got to find release He runs away and plays  
    His laughter is just awoken  
    Tumbling down  
    The eyes of a clown  
    And truth sings today  
    Not far away  
    Hear it now
