

# Queen Drum

## Young Galaxy

Once I dwelled in the animal kingdom  
Once I dwelled in the kingdom of life  
I lose my sight when I try to reach them  
When I try to reach them I lose my sight

I'm the queen, I'm the drum  
I'm the source over sea  
Come in through the fields and the flowers  
Come in the factories  
It goes round the world and comes back to me

I close my eyes  
I lose the station  
A hallucination  
Up in the sky  
I spin a web  
On five great oceans  
In devotion  
I spin a web

I'm the queen, I'm the drum  
I'm the source over sea  
Come in through the fields and the flowers  
Come in the factories  
It goes round the world and comes back to me

It spoke from the heart  
This dazzling prayer x3  
It spoke from the heart  
This dazzling prayer x3
