

Woman

Timber Timbre

Hand to, hand to
Mouth to, mouth to
Mind to, mind to
Mouth to middle Oh, woman
Why aren't you moving with me yet?
Do you forget what you tried to remember?
Do you remember what you tried to forget? Hand to, hand to
Mouth to, mouth to
Mind to, mind to
Mouth to middle Oh, woman
It's an omen, this is it
But I forget what I tried to remember
I remember all I tried to forget
