

The Secret

Brandtson

The secret to any success is that the
success is in the
process.I'm sitting in my car and I wonder
where I'll be a year from now
For the life of me I can't imagine
I'll be anywhere at allSo make a difference
and remember what you said
The secret to any success is that the
success is in the
processI turn up the radio a little louder
to drown out my own thoughts
What if I'd stuck it out a little longer?
Would I be happier now?
Would I be able to say
that despite what I feel now
that everything will be okay?
