

F for Effort

Les Vinyl

I heard that Rome wasn't built in a day.
Then how come everyone is rushin' to get ahead?
And if I seem to be reserved, that's just my way.
You're questions seem like you're interrogating me.

Yeah, I try.
Then again, I don't try.
I get and F for effort.
I'll get a D next time.

I heard the lemon metaphore four million times.
And I don't stand for leamonade, don't ask me why.
And would a beverage stand be a job that'd be desired.
And where would I get the wood and should I try?

Should I try?
Then again, I don't try.
I get an F for effort.
I get a 65.
Yeah, I try.
Then again, I don't try.
I get an F for effort.
I might as well just.....

I heard that currency don't grow like leaves on trees.
Then how come my money comes and goes so seasonally?
And I wish farmers planted plants instead of thieves.
My friend pays a ton of green for greener groceries.

Yeah, she tries.
Then again, she don't try.
She gets an F for effort.
She'll plant a tree next time.
Yeah, she tries.
Then again, I don't try.
I get an F for effort.
I'll get a D next time.

Yeah, I try.
Then again, I don't try.

I get an F for effort.
I get a 65.
Yeah, I try.
Then again, I don't try.
I get an F for effort.
I might as well just
die.
