

# Candy

## The Busters

I'm not an ordinary boy  
But I could be your little boy  
Just bring me little honey  
And I will stick on you

Don't want no zero bonds  
Nor do I need some investment funds  
No golden rings  
Just give me candy  
And I will stick on you

I get my kicks out of crispy pancakes  
I will die for a custard cream  
And if you want to catch my Milka heart  
There's only one thing you have to do

Just bring me little muffins  
Or marshmallow pie  
I will show you paradise  
If you take me for a ride on your chocolate bar  
Honey  
Just give me little candy  
I will show you paradise  
If you take me for a ride on your chocolate

Biscuit cake  
Or a delicious season's flake  
Just add a little honey and  
I will stick on you

Salt and vinegar chips  
Bewitch me more than politics  
And if they are spicy and red hot  
I will stick on you

Chocolate chips  
Make me go out of my mind my dear  
Be careful if you have some honey  
Cause I might stick on you

I'm a maniac  
If you play with my cherry cake  
I would rob just for a donut  
Or a hot chocolate
