If I Had Changed My Mind (Mains Ignition Remix)

Tom Vek

If I said that we could fly
Around the world two thousand times
If I said that, baby your smile
Had taken me by surpriseIf I had changed my mind, would I be here
If I had changed my mind, would I be hereYou groan to passing our guests
Your car has run out of gas
If I said you're working to hard
Would you be there in my mindIf I had changed my mind, would I be here, be here
If I had changed my mind, would I be here
If I had changed my mind, would I be here
If I had changed my mind, would I be here, be hereWould I be, could I be, here, come onIf I had changed my mind, would I be here
If I had changed my mind, would I be here
Would I be here, would I be here, would I be here
Would I be here, would I be here, would I be here
Would I be here, would I be here, would I be here
