

# Let's Don't Call It A Night

Casey James

Love the way you look in that dress  
You got me thinking thoughts in my head  
The way your body's moving slowly to the music  
Only leaves me wanting more

So baby, let's don't call it a night  
Love the way you're holding me tight  
When you're next to me  
There's no place I'd rather be  
Everything is feeling so right  
So baby, let's don't call it a night

Just let that clock tick away  
'Cause in the morning we can sleep in late  
Right now let's spend our time  
On what we've got in mind  
I'll get up and close the door

Yeah, let's don't call it a night  
Love the way you're holding me tight  
When you're next to me  
There's no place I'd rather be  
Everything is feeling so right  
Now baby, let's don't call it a night

Well baby, let's don't call it a night  
Yeah, love the way you're holding me, holding me tight  
When you're next to me  
There's no place I'd rather be  
Everything is feeling so right  
So baby, let's don't call it  
No, let's don't call it a night
