# From This Day On

## Phantom Planet

I smelled like you
But woke up alone
And I didn't know
If you'd taken me homeLike who got who
Into the car?
Who wanted to park?
Who brushed my arm?I dreamt of dating and breaking up
Yeah, I hated waking up
But I am through with love and loving
It's a lot of work for nothing
Oh, from this day onNow what am I
Going to say
To your new little friend
Who called me today?Trying to remove
Any and all doubt
Of where you've been and how
You're there with him nowI guess I'm hoping he's right
But I just can't remember last night
I guess I'm beyond believing
Anybody here could get so luckyNo, too far gone
And I am through with love and loving
It's a lot of work for nothing
Oh, from this day onFrom this day on
