

If U C Kate

[Mcfly](#)

First time I saw her she was standing in line
Holding a book about compatible signs
I should have talked to her, I should have tried
But I was breathless by the look in her eyes
She introduced herself as Kate and I replied
It's nice to meet you it was love at first sight
I got excited, I lost my mind
I lost her number that read let's have a good time
If u c Kate, tell her that I'm looking for her
She's so fine
That girls been on my mind
I saw her friend that was in line that day
I had to tell her how I felt about Kate she said
Put her out your mind or stand in line
I've seen her do this to men a thousand times
She had a rep for spreading all her love around
And everywhere she went Kate drew a crowd
It don't bother me that's what I said
'Cause I can't seem to get that girl out of my head
If u c Kate, tell her that I'm looking for her
She's so fine
That girls been on my mind
Girl, you're a star shining like the sun
Whisper in my ear, you broaden my horizon
Stay with me and let's make it the longest day
Pour yourself into my mouth, I love the way you taste
Pull you in tight, it feels so right
Girl, I just wanna be the one to take you to heaven tonight
If u c Kate, tell her that I'm looking for her
She's so fine
That girls been on my mind
