CAMEO

Brazil

(Cameo...cameo)There!
There you are!
There again...Staring through the screen when the lights are dim
I wonder why you are thereOh wait, I saw you again!
Your gossamer skin
I saw your cameoThere goes a shadow behind the scene
An ingenue phantom on the screen
I wonder why it is thereOh wait, I saw you again!
Your gossamer skin
I saw your cameoOut on the sidewalk I see your grin
The truth in your eyes is closing in
I wonder why she is thereOh wait, I saw you again!
Your gossamer skin
I saw you again
Your gossamer skin
I saw you again
Your gossamer skin
I saw your cameo (cameo)
