Rolling Waves

The Naked And Famous

Before we sleep can I hear you say?
For the last time, for the last time
Like rolling wavesBefore we sleep to just escape
Take a piece, take a piece
Or just walk awayGiven the time can we come alive?
We are swimming, we are swimming
No warning signsBefore we sleep can you just say
For the last time today
Take a piece or just walk away
Like rolling wavesLike rolling wavesThese nine hours of delay
Like a lifetime, like a lifetime
It falls awayYou swim from pulling tides
That swallow you at night
Let go, let go
Into these rolling wavesLike rolling waves
Like rolling waves
