

# Same (as I Ever Was)

## Beverley Knight

Still got my fire, I'm never cold  
It burns within me, it's taken hold  
Still finding mountains, I've yet to climb  
I still get lonely but never mind Said I'm the same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was) True to the last word, baby  
Still making myself heard, baby  
I'm the same, yeah, I'm the same, yeah, yeah yeah  
Well, I'm the same, yeah, same Still got my family, old friends of mine  
I know they still will stand, the test of time  
Still feel my history, my future too  
Black, gold and green, red, white and blue I'm the same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was) True to the last word, baby  
Still making myself heard, baby I'm the same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was) True to the last word, baby  
Still making myself heard, baby Still got my temple, each curve and line  
Those who can't get with that, ain't worth my time  
Can't compromise, no, that would be strange  
I'm still that Aries lady, ain't nothin' changed I'm the same as I ever  
(Same as I, as I ever was)  
Still the same as I ever  
(Same as I, as I ever was)  
The same as I ever  
(Same as I, as I ever was) True to the last word, baby  
Still making myself heard, baby I'm the same as I ever  
(Same as I, as I ever was)  
Still the same as I ever  
(Same as I, as I ever was)

I'm the same as I ever  
(Same as I, as I ever was)I'm true to the last word, baby  
Still making myself heard, babyI'm the same, yeah, I'm the same, yeah  
Still the same, still, baby, baby, baby, baby  
Still the same, hey yeah, same as I ever was
