

# Filipina Girl (feat. Marcus Davis & James Reid)

## Billy Crawford

You got my heart and you had it the first day we met  
One look at you and I new this is as good as it gets  
I look in your eyes and I'm watching the sunset

I need this forever baby I need this forever  
Cause I

Loose myself around you girl, you got some kind of way  
There's just something bout you girl that makes me wanna  
stay here

I could spend the rest of my life ride or dye with you  
Thats just what you doThere ain't nothing in this world  
Nothing in the world like a filipina girlThere ain't no  
There ain't no

There ain't nothing in this world like a filipina girl

You got me all in my feelings  
I'm feeling some kind of way  
And now that I got you here  
There's so much I wanna say

Like I love the way that you light up the room  
I need you bad like that sun needs the moon  
I see the future and baby its you

I see the future and baby its you and ILoose myself around you girl you got some kind of way  
There's just something bout you girl that makes me wanna stay here

I could spend the rest of my life ride or dye with you  
Thats just what you doThere ain't nothing in this world  
Nothing in the world like a filipina girlThere ain't no  
There ain't no

There ain't nothing in this world like a filipina girl

You got me when I first saw you  
I was like damn I want you

I couldn't stand I'm fall'n into your bed and we stay to the morning  
Can I be honest

Pag-gising sa umaga 'di mo lang alam Ikaw ang  
tanging nasa isip

O binibini, ika'y laging panaginip  
Halika na, baby!

Nasasabik ako lately and If you find a  
Filipina and she find you better keep her  
'Cause there ain't nothing like a Filipina girl
