

Creeping Out Sara

Advisory - the following lyrics contain explicit language:

I was backstage at a festival in Germany
talking to a cute fair-skinned brunette
I asked her if she wanted to have a beer and if she liked our set
I noticed that her hair was longer in the back
I figure that's cuz she's Canadian
That's why I was surprised when she told me she was fully lesbian That's when I realized it was Sara, or maybe
it was Tegan
I'm pretty sure that it was Sara
Cause Johnny Sampson said she was the cooler one I told her I was a big fan of her band
She asked me if I had a favorite song
I admitted that I'd never actually heard them, but I like K.D Lang I asked her if she knows about the Juno's
And how they got robbed three times in a row
And then I asked her if she knew of anyone who was selling pills or blow That's when I crept out Sara, or
maybe I just pissed her off
When I asked her if her sister and her had ever had a threesome?
Where they both ganged up one girl, a forgy or a fivesome?
Do they think strap-ons are groovy, and had they ever seen the movie
"Bound" and did they like Jennifer Tilly, did they like Jennifer Tilly? Sara said she preferred Gina Gershon,
Angelina Jolie
In the "Gia movie" that was on HBO
And "If These Walls Could Talk" made Tegan cry a lot
After that I forgot what she said
That's the problem with Diazepam, so many things I don't remember
But I've got a sinking feeling, it's not that I'm a clairvoyant But I think I crept out Sara, I was creeping out on
Sara
I hope it wasn't Tegan, cuz Skiba said she is the cooler one
