

Jelly Roll

Blue Murder

She said come lay with me darlin'
She said take my love from me
She said I'll be your's forever
If you just believe in meShe said any way you want me boy
My love I give to you
For I was born to love you
Take me any way you chooseHeartache comin' my way
Angels feel like my dyin' dayI don't need no doctor
I don't need no priest
All I need is my baby girl
To bring it on home to me
I just need her lovin'
Each and every day
Only she can set me free
And take these old blues away
Take 'em awayShe said "Trust in me my darlin'
For together we are strong"
She said "You are all I live for
I would never do you wrong"She done foolin' with my head
She take possession of my heart
Now I'm standin' all alone here
And my world just fall apartHeartache comin' my way
Angels feel like my dyin' day
Feel like my dyin' dayI don't need no doctor
I don't need no priest
All I need is my baby girl
To bring it on home to me
And I just need her lovin'
Each and every day
Only she can set me free
And take my blues awayScream to the Heavens
"My God make me strong"
No one can hear me
My love she has gone
What can I say?
What can I do?
Baby I tell you my love
Belongs to youLove can break your heart
Only love can break your heart

I gave you all I had to give
No words could say how much I miss you
Love can break your heart
Only love can break your heart
I gave you all I had to give
No words could say how much I miss you
Love can break your heart
Only love can break your heart
I gave you all I had to give
No words could say how much I miss you
Love can break your heart
Only love can break your heart
Love can break your heart
Love can break your heart
Love can break your heart...
