

# Sonic Bummer

Gene Parsons

I called the big man at the field  
And I told him what he'd done  
He laughed and said "Go bac to bed,  
My boys just having fun  
My boys just having fun"  
I said, "First you killed my chickens  
Then you wiped out all my sheep"  
He said, "Don't you know we're protecting you  
Now go on back to sleep",  
Sonic booms they killed my chickens  
A sonic boom well it treed my cow  
Sonic booms bust my dishes  
Them jets are bound to get me now  
Them jets are bound to get me now  
So if you were yelled at as a boy  
For slamming you screen door  
And sword that you'd get back at Mom  
If took ten years or more  
If it took ten years or more  
Well you can join the men that fly at night  
And protect us while we sleep  
You can make a boom that'll kill your Mom  
And she'll never make a peep  
No she'll never make a peep  
A sonic boom shocked my horses  
Sonic boom squashed my goats  
Sonic boom'll fry your brain  
Until you want to slit your throat  
Until you want to slit your throat  
A sonic boom shocked my horses  
Sonic boom squashed my goats  
Sonic boom'll fry your brain  
Until you want to slit your throat  
Until you want to slit your throat
