

The Fantasy

30 Seconds to Mars

With the lights out, its a little less dangerous
Even with a stranger, never gets painless
Dont be afraid
Every time I think Im gonna change it
Its driving me insane
(Yeah, yeah, yeah)Do you live, do you die
Do you bleed for the fantasy?
In your mind, through your eyes
Do you see its the fantasy?Maybe tonight we can forget about it all
It could be just like Heaven
I am a machine, no longer living
Just a shell of what I dreamed
(Yeah, yeah, yeah)Do you live, do you die
Do you bleed for the fantasy?
In your mind, through your eyes
Do you see its the fantasy?Say it, say it, say that you believe
Say it, say it to meDo you live, do you die
Do you bleed for the fantasy?
Automatic, I imagine, I believe[Incomprehensible]Do you live, do you die
Do you bleed for the fantasy?Do you live, do you die
Do you bleed for the fantasy?
In your mind, through your eyes
Do you see its the fantasy?Automatic, I imagine, I believe
Automatic, I imagine, I believe(Automatic, I imagine, I believe)
Say it, say it, say that you believe
(Automatic, I imagine, I believe)
Say it, say it to me(Automatic, I imagine, I believe)
Say it, say it, say that you believe
(Automatic, I imagine, I believe)
Say it, say it to me
I believe, I believe, I believe
