

You Had Time

Ani DiFranco

How can I go home with nothing to say?
I know you're going to look at me that way
And say what did you do out there and what did you decide?
You said you needed time and you had time You are a China shop and I am a bull
You are really good food and I am full
I guess everything is timing, I guess everything's been said
So I am coming home with an empty head You'll say did they love you or what?
I'll say they love what I do
The only one who really loves me is you And you'll say girl did you kick some butt?
And I'll say I don't really remember
But my fingers are sore and my voice is too You'll say it's really good to see you
You'll say I missed you horribly
You'll say let me carry that, give that to me And you will take the heavy stuff
And you will drive the car
And I'll look out the window and make jokes
About the way things are How can I go home with nothing to say?
I know you're going to look at me that way
And say what did you do out there and what did you decide?
You said you needed time and you had time
