Hold On (feat. Jason Brownstein)

Singles

Hold on to a love, Hold on
Hold on to a love, Hold onYou having those things arent goin to good
And know I have done everything I should
Hey baby situation is bad
Well Im thinking about all the love we had[Chorus]Hold on to a love, Hold on
Hold on to a love, Hold onSitting here wondering about what you said
Andits going around and around in my head
Hey baby its fading away
Memories of the love we made[Chorus]Hold on to a love, Hold on
Hold on to a love, Hold onI didnt mean to hurt you but it went little to far
Starring at your photograph
I want get you back in my arms, arms
And try to do what we possible could
Hey baby situation is bad
Im thinking about all the love we had[Chorus]Hold on to a love, Hold on
Hold on to a love, Hold on
Hold on to a love, Hold on
Hold on to a love, Hold on
