

Hold On (feat. Jason Brownstein)

Singles

Hold on to a love, Hold on
Hold on to a love, Hold on You having those things aren't going to good
And know I have done everything I should
Hey baby situation is bad
Well I'm thinking about all the love we had [Chorus] Hold on to a love, Hold on
Hold on to a love, Hold on Sitting here wondering about what you said
And it's going around and around in my head
Hey baby it's fading away
Memories of the love we made [Chorus] Hold on to a love, Hold on
Hold on to a love, Hold on I didn't mean to hurt you but it went little too far
Staring at your photograph
I want get you back in my arms, arms
And try to do what we possible could
Hey baby situation is bad
I'm thinking about all the love we had [Chorus] Hold on to a love, Hold on
Hold on to a love, Hold on
Hold on to a love, Hold on
Hold on to a love, Hold on
