

# Sad Old Train

## Donna Hughes

That sad old train  
Sleepin' on an old rusty track  
She was from another time  
Gone with the wind like the smoke from that old stack  
She brought smiles and wavin' hands  
As she whistled by a sleepy town  
It was once the way to go  
Just a shiny nickel and you were homeward bound  
And Ive seen better days like that sad old train  
On an old abandoned track  
When you were holdin' me, I knew someday youd leave  
Like that old train, you wont be comin' back  
She gently rumbled in the sunshine  
As she carried home the mail  
Her letters keepin' lovers waitin'  
And friendly little boys placin' pennies on her rails  
I can relate to that old train  
Since you left me all alone again  
And no one ever comes around  
Once upon a time we were ridin' on the wind  
Ive seen better days like that old sad train  
On an old forgotten track  
When you were holdin' me, I knew someday youd leave  
Like that old train, you wont be comin' back  
Like that old train, never comin' back
