If It Ain't True (true Love)

Beverley Mitchell

Before you open up to speak
Think of what your saying to me
Oh, don't say things just to be with me
My heart only deals in honesty
Look into my soul
And tell me that forever I can hope
That we'll always be together
'Cause heaven knows
[Chorus:]If it ain't true, love's not worth the trouble
If it ain't true, it's no more than a lie
If it ain't true, baby, then who needs the heartache
Aren't we all just looking to find true love
It doesn't really make much sense
To question every consequence I know, oh I know
'Cause i've already fallen in
And nothing feels as good as holding you close
Some do it for the rush

Some do it for the thrill of any touch
But baby all I do it for is love, your love, but
[Chorus:]If it ain't true, love's not worth the trouble
If it ain't true, it's no more than a lie
If it ain't true, baby, then who needs the heartache
Aren't we all just looking to find true love
It's the kind that don't come easy
If we give ourselves completely
We will see all that we can be now, but
[Chorus:]If it ain't true, love's not worth the trouble
If it ain't true, it's no more than a lie
If it ain't true, baby, then who needs the heartache
Aren't we all just looking to find true love
Aren't we all just looking to find
Aren't we all just looking to find, true love
