You come around and say hello
And I don't know what to do
You look at me and see right through
Who the hell are you?
Baby, baby, I don't know, but I want you
Baby, baby, I don't know, but I want youSee it, need it, dream it
Do you want it?
Call me and then meet me
Call me and then meet meWhenever I look at you
I don't know what to do
Whenever you talk to me
I don't know what is true
Tell me what to believe
Tell me what to believeListen baby (What?)
I got something to say
Listen closely, I ain't saying again (Aha)
I got your shirt and I'm so not sure
Are you coming back for it or should I expect the worse?
- Well you can keep it
- I'm thinking
- Don't think too much
- Should I call?
- You got my numbers
- I'm thinkingWhenever I look at you
I don't know what to do
Whenever you talk to me
I don't know what is true
Tell me what to believe
Tell me what to believe- Your shirt
- Your shoes
- Your skirt
- Your pants
- My records
- My heart
- The dogs
- The bed
- The food
- The yard
- The sheets

- So soft
- The games
- We played
- Are over
- And over againWhenever I look at you
I don't know what to do
Whenever you talk to me
I don't know what is true
Tell me what to believe
Tell me what to believe
Tell me what to believe
Tell me what to believe
