

Shotover Hill

Broken Home

SHOTOVER HILL by Broken Home

Shotover Hill not far away from home
That's where I laid my lady
Down in the grave
We're lovin' in the afternoon
It was a fine time

Shotover Hill so peaceful and remote
Spendin' the winter nights
In the back of the car

I never really got so far - but
It was hard
Yes, it was a hard time

Come and see the mighty gutter
See the mighty gutter
See the gutter

Come into the mighty gutter
See the mighty gutter
See the gutter

Where the young ones meet to say,
I love you, do you love me?
Where the young ones go to say,
I want you, do you really want ... me?
Do you really want me?

(Instrumental)

Shotover Hill, they covered it with houses
Layin' down brand new raods
From here to there

Nobody ever really cares, hey
What's it all about?
Tell me, what's it all about

Come and see the mighty gutter
See the mighty gutter
See the gutter

Come and see the mighty gutter
See the mighty gutter
See the gutter

Where the young ones meet to say,
I love you, do you love me?
Where the young ones go to say,
I want you, do you really want ... me?
Do you really want me?

Tell me, do you really want me?

Yeah!

Yeah!

Do you want me, baby?

Tell me, do you want me?

Tell me, do you want me?

Do you leave me?

I want to know about it
Yeah, I wanna know about it
