I Want To Be With You Always

John Prine

I lose my blues
Only when I'm with you
No one else can do
You're in my heart to stay
And when I'm gone
And I'm all alone
I'll still be singing this song
I want to be with you always
I'd be happy dear
If you could only be here
And always be near
Forever and a day
Then we'd travel far
To some big shining star
Just you and my guitar
And stay there sweethearts for always
I hope you feel the same
You really want my name
Well, you'll be the one who's to blame
If it works out wrong that day
'Cause my love is true
My love is only for you
And I would never be blue
If I could be with you always
Then we'd travel far
To some big shining star
Just you and my guitar
And stay there sweethearts for always
