

# Stay

## Lee Dewyze

Your hair looks wonderful  
Your clothes well kept  
I know you're wide awake  
But I haven't slept yet  
It's almost ten o'clock  
And before you leave  
Make sure the door is locked  
Unless you stay for a while  
I know it's getting near  
Why don't you stay for a while  
It's hard to say I love you dear  
I love you dear  
And then you leave with smiles  
And you return with tears  
Now you have made come true  
All of my biggest fears  
It's almost twelve o'clock  
And before you leave  
Make sure the door is locked  
Unless you stay for a while  
I know it's getting near  
Why don't you stay for a while

It's hard to say I love you dear  
Your hair looks wonderful  
Your clothes are so well kept  
I know you're wide awake  
But I haven't slept yet  
I haven't slept  
Why don't you stay for a while  
I know it's getting near  
Why don't you stay for a while  
It's hard to say I love you dear  
I love you dear  
My hair looks wonderful  
My clothes are so well kept  
I know I'm wide awake  
And you haven't slept yet  
You haven't slept yet

Why don't you stay for a while  
I know it's getting near  
Why don't you stay for a while  
It's hard to say I love you dear  
I love you dear
