

# Who Can You Trust

## Mint Condition

[Chorus:]

Tell me, who can you trust these days  
'Cause people don't be about it like they say  
Gotta be watching your back night and day  
Who can you trust

Tell me, who can you trust or not  
The ones that be trying' to get what you got  
Just listen to these words whatever you do

The only one you trust is you People these days ain't it a shame the way they be  
Please don't be fooled it's not the ones that you would think

There's things that's going on that you can't always see

This world is filled with jealousy and envy Just like them people that be all up in your grill  
Saying about claiming to know just how you feel

But, the very second that your back is turned

They draggin' your shit through the dirt. [Chorus] For every day I start to doubt the things that people be about

I guess that's just the way it is (it is)

Sometimes it's lame you know the way people put on a show

Just to get up in your biz Just watch your back, 'cause sometimes people act like bats

Creepy and low

You may not believe, but I bet you will not see me on

The Jerry Springer Show [Chorus]
